WHAT WOULD IT TAKE YOU TO EXPAND

Pastor Segun Idowu

We cannot be indifferent to it because the command for fruitfulness is from God.

Enlarge the place of your tents, stretch your curtains wide, do not hold back, lengthen your cords, strengthen your stakes, For you will spread out to the right and to the left; your descendants will dispossess nations and settle in their desolate places. Isaiah 54:2-3

We have been commanded to expand but you see we still treat it as if it is an option for us on this earth. Here what John said Beloved, I pray that you may prosper in all things and be in health, just as your soul prospers. 3 John 1:2 It is the will of God that we prosper but somehow we still think it is an option for us to increase and expand, thinking we have another alternative. Truth is we don't if we are to follow God's commandment.

Many do not want to entertain that idea and if they do they do not to pursue it because of the many obstacles along the way. Even some convinced themselves that they are not cut out for it. But that is not true, it's part of your constitution as a believer, you are built to expand you are an expanding, increasing machine because of the new birth!

How to be born again

- Acknowledge that you are a sinner
- Believe that Jesus is Lord and God has raised Him from the dead
- Accept Him into your life as your saviour
- Say to God with your mouth what you believe above.

John 3:16; Romans 10:8-10

An interesting story is seen in the bible about the children of Israel when they were about to possess the promise land God gave to them, God had commanded Moses and the children of Israel to go and possess that Land. He requires them to choose twelve men to go and spy the land. Numbers 13 tells us that these twelve men were leaders. They were men of war who understood the reason why they were going to spy the Land, but ten of the men believed they couldn't. Only two, Joshua and Caleb believed they could possess the land and they did whilst the rest who convinced the children of Israel otherwise did not including the children of Israel who they persuaded to believe what they said. Joshua and Caleb believed they can expand, the rest did not. You see for many the idea that they can expand in life has been consigned into the dustbin due to various reasons especially if they have tried to do so in the past and failed.

The truth is for the believer, growth, increase, expansion spiritually, financially and materially is something that we have been commissioned to be and do.

The question you should be asking yourself instead of thinking you can't expand from where you are spiritually, financially or materially is what would it take for me to expand?

Find out what God says about it in His word and let His Spirit speak to your heart about the necessity for you to expand because, it's not only about you, it's about multitudes of people out there who need what He has put in you.

Determine to pay the price for it for there is a price! See it as a lifetime marathon of great adventure and experience in God instead of a 100-metre's dash which you can quit when you feel like it.
